

# Hardness Test Blocks

## Brinell Test Blocks

Catalog Number	Description
900995112	Test Block 140 HBW 10/500 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995122	Test Block 140 HBW 10/1000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995172	Test Block 140 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995173	Test Block 200 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995179	Test Block 225 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995174	Test Block 250 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995180	Test Block 275 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995175	Test Block 300 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995181	Test Block 325 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995176	Test Block 350 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995182	Test Block 375 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995177	Test Block 400 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995278	Test Block 500 HBW 10/3000 with NVLAP NVLAP certificate, calibrated according to ASTM E10
900995000	Brinell Special Order Test Block (specify nominal hardness range, indenter ball size and gram force)
