

| <b>Rockwell Indenters</b>     |   |
|-------------------------------|---|
| <b>Catalog Number</b>         | <b>Description</b>  |
| <b>Diamond Scale</b>          |   |
| 9100-401                      | Standard "C" brale indenter NIST traceable  |
| 900002015                     | Standard "N" brale indenter NIST traceable  |
| <b>Ball Scale</b>             |   |
| 900007201                     | 1/16" Steel Ball Indenter with 50 additional balls. NVLAP certificate.                  |
| 9100-405                      | 1/16" Carbide ball indenter with 4 additional carbide ball                              |
| 900002310                     | 1/16" Steel, Narrow Tip Ball Indenter, 30kgf load max, with 50 balls. NVLAP Certificate |
| 9100-411                      | 1/16" Carbide Narrow Tip Ball Indenter, 30kgf load max, with 5 additional carbide ball: |
| 900003414                     | 1/16" Diameter Steel Balls, 200 count. NVLAP certificate.                               |
| 9100-422                      | 1/16" Diameter carbide balls, 5 count. NVLAP Certificate.                               |
| 9100-420                      | 1/16" Ball cap for ball indenter assembly (qty 3)                                       |
| 900007202                     | 1/8" Steel Ball Indenter with 8 additional balls. NVLAP Certificate.                    |
| 9100-406                      | 1/8" Carbide Ball Indenter with 3 additional carbide balls. NVLAP Certificate.          |
| 900003415                     | 1/8" Diameter Steel Balls, 75 count. NVLAP Certificate.                                 |
| 9100-423                      | 1/8" Diameter carbide balls, 5 count. NVLAP Certificate.                                |
| 9100-421                      | 1/8" Ball cap for ball indenter assembly (qty 2)  |
| 9100-407                      | 1/4" Carbide Ball Indenter with 1 additional carbide ball. NVLAP Certificate            |
| 9100-424                      | 1/4" Diameter carbide balls, 3 count. NVLAP Certificate.                                |
| 9100-408                      | 1/2" Carbide Ball Indenter with 1 additional carbide ball. NVLAP Certificate            |
| 9100-425                      | 1/2" Diameter carbide balls, 1 count. NVLAP Certificate.                                |
| <b>Sprial Order Indenters</b> |   |
| 9100-506                      | "C" Ring Grip Brale NIST- .200" (5.08mm)  |
| 9100-507                      | "C" Long Body Brale NIST - 1" (25.4mm)  |
| 9100-508                      | "C" Small Body C Scale Brale NIST (.250 dia x .422 long)                                |
| 9100-509                      | "C" Long Body Brale NIST - 2" (50.8mm)  |
| 9100-510                      | "C" Ring Grip Brale NIST - 1.080" (27.43mm)   |
| 9100-511                      | "C" Short Nib Brale - .375" (9.5mm)   |
| 9100-512                      | "C" Short Nib Brale - .1875" (4.7mm)  |
| 9100-513                      | "C" Ring Grip Brale NIST - .450" (11.43mm)  |
| 9100-514                      | "C" Ring Grip Brale NIST - .700" (17.78mm)  |
| 9100-515                      | "C" Thin Point Brale NIST - .4375" (11.1mm) .187" diameter                              |
| 9100-516                      | "C" Brale, Gear Roots & Groves NIST- .125" tip diameter                                 |
| 9100-517                      | "C" Thin Point Brale NIST- .4375" (11.1mm) .125" diameter                               |
| 9100-518                      | "C" Ring Grip Brale NIST- 1.457" (37mm)   |
| 9100-519                      | "C" Long Body Brale NIST- 1.625" (41.3mm)   |
| 9100-520                      | Hi-Temperature C Scale NIST   |
| 9100-521                      | "C" Brale, Self Holding,, High Speed - .555" long, .375" d                              |
| 9100-524                      | C Scale Brale NIST Diamond Indenter for VERSITRON                                       |
| 900001333                     | "N" Short Nib Brale - .1875" (4.7mm)  |
| 900001334                     | "N" Long Body Brale - 1" (25.4mm)   |
| 900001342                     | "N" Ring Grip Brale - .200" (5.08mm) long   |
| 900001357                     | "N" Brale, Gear Roots & Groves - .093" tip diameter                                     |
| 900001401                     | "N" Long Body Brale - 2" (50.8mm)   |
| 900001405                     | "N" Side Cut Brale - .500" (12.7mm) long  |
| 900001407                     | "N" Ring Grip Brale (1.125 in. long)  |
| 900001421                     | "N" Long Body Brale - 1.625" (41.3mm) long  |
| 900001438                     | "N" Ring Grip Brale - .450" (11.43mm) long  |
| 900001460                     | "N" Short Nib Brale - .156" (3.9mm) long  |
| 900001475                     | "N" Side Cut Brale - 1.531" (38.9mm)  |
| 900001506                     | "N" Small Body Brale - .1555" (3.9mm) long  |
| 900001702                     | "N" Thin Point Brale - .4375" (11.1mm) .108" diameter                                   |
| 900001706                     | "N" Brale, Gear Teeth & Groves P.D. 8.00 - D.P. 11 - 16                                 |
| 900001709                     | "N" Brale, Gear Roots & Groves - .115" tip diameter                                     |
| 900001712                     | "N" Small Body Brale - .421" (10.7mm)   |
| 900001738                     | "N" Brale, Gear Teeth & Groves P.D. 12.00 - D.P. 5 - 12                                 |
| 900001747                     | "N" Side Cut Brale - .812" (20.6mm)   |
| 900001759                     | "N" Ring Grip Brale - .700" (17.78mm)   |
| 900001768                     | "N" Brale, Gear Roots & Groves - side cut   |
| 900001782                     | "N" Brale, Gear Teeth & Groves P.D. 12.00 - D.P. 5 - 10                                 |
| 900001783                     | "N" Brale, Gear Teeth & Groves P.D. 14.00 - D.P. 4 - 6                                  |
| 900001784                     | "N" Side Cut Brale - 2.062" (52.4mm)  |
| 900001790                     | "N" Side Cut Brale - 3.375" (85.7mm)  |
| 900001791                     | "N" Side Cut Brale - 2.875" (73mm)  |
| 900001794                     | "N" Thin Point Brale - .875" (22.2mm) .187" diameter                                    |
| 900006838                     | "A" Standard Brale Indenter for Steel   |
| 900003405                     | "A" Standard Brale for Carbide  |
| 900001344                     | "A" Small Body Brale - .1555" (3.9mm)   |
| 900001437                     | "A" Side Cut Brale - 1.875" (47.6mm)  |
| 900001459                     | "A" Short Nib Brale - .156" (3.9mm)   |
| 900001478                     | "A" Thin Point Brale - .4375" (11.1mm) .125" diameter                                   |
| 900001480                     | "A" Thin Point Brale - .4375" (11.1mm) .108" diameter                                   |

| Catalog Number | Description   |
|----------------|---|
| 900001703      | "A" Side Cut Brale - .500" (12.7mm)                 |
| 900001933      | "A" Self Holding, Mobile Brale                      |
| 900001754      | "A" Side Cut Brale - 1.531" (38.9mm)                |
| 900001763      | "A" Side Cut Brale - 2.062" (52.4mm)                |
| 900001780      | "A" Brale, Gear Roots & Groves - .093" tip diameter |
| 900001792      | "A" Side Cut Brale - 2.875" (73mm)                  |
| 900001793      | "A" Side Cut Brale - 3.375" (85.7mm)                |
| 900001802      | "A" Side Cut Brale - .812" (20.6mm)                 |
| 900002224      | "A" High Speed Rockwell Brale                       |
| 900003406      | "A" High Temperature Brale                          |
| 900001414      | Vickers Indenter for Rockwell Tester                |
| 900001989      | 136 Diamond Hi-Temperature Rockwell Indenter        |
